

## RATE LGSS - LARGE GENERAL SALES SERVICE

### APPLICABILITY

Throughout the territory served under this Tariff.

### AVAILABILITY

Available, at one location, for the total requirements of any commercial or industrial customer whose purchase requirements are in excess of 64,380 thms, and who does not contract for distribution service. (C)

Customers who take service under this rate schedule are entitled to firm retail gas service from the Company.

### RATE

The customers under this rate schedule shall be subject to a monthly customer charge, a natural gas supply charge and a distribution charge.

The rate information is detailed in the Rate Summary pages of this tariff.

### DETERMINATION OF MONTHLY CUSTOMER CHARGE

The Customer Charge will be determined based upon the customer's actual throughput quantities, including sales and distribution if the customer previously contracted for distribution service, measured in therms (thms), for the most recent twelve month period ended October 31. If a customer does not have sufficient consumption history to determine its customer charge based on twelve months, the Customer Charge will be developed by annualizing the consumption history available. In the instance where a customer has no consumption history, the Company will request the customer to submit estimated annual gas requirements upon which to develop the Customer Charge. The Company in all cases retains the right to review and modify the customer's estimate where necessary. A customer's customer charge will remain constant annually, subject to change January 1 of each year. (C)

In all cases, the Company reserves the right to review the customer's customer charge, and upon receipt of satisfactory proof, to adjust the customer charge to reflect the installation and use of energy efficient gas burning equipment, or the implementation of energy conservation practices or measures, which result in a measurable permanent change in the customer's requirements or consumption.

**MINIMUM MONTHLY CHARGE**

(C)

The minimum monthly charge shall be the customer charge, except that in the event of curtailment in the delivery of gas by the Company or complete or partial suspension of operation by the customer due to strikes, fires, floods, explosions or other similar casualties, the Customer Charge shall be reduced in direct proportion to the ratio which the number of days of curtailed service or complete or partial suspension of operation bears to the number of days in the billing period.

**STATE TAX ADJUSTMENT SURCHARGE**

The charges described in this rate schedule are subject to a State Tax Adjustment Surcharge as set forth in this tariff.

**PURCHASED GAS COST RIDER**

The distribution and commodity charges include recovery of purchased gas costs pursuant to the Purchased Gas Cost Rider as set forth in this tariff.

**TERMS OF PAYMENT**

Bills for sales service will be rendered monthly and are due and payable upon presentation. All bills shall be paid on or before the final date of payment shown on the bill, which date shall be not less than fifteen (15) days after presentation (date of postmark).

If the customer fails to pay the full amount of any bill, a delayed payment penalty charge of one and one-quarter percent (1 1/4%) per month will accrue on the portion of the bill that is unpaid on the due date.
