

RIDER – SAA (STORAGE ACCOUNTING ADJUSTMENT)

(C)

APPLICABILITY

Throughout the territory served under this Tariff.

AVAILABILITY

This Rider shall be applicable to sales service customers, provided, however, that for a period of twelve months following a transfer from distribution service to sales service, this Rider shall not apply. This Rider shall also be applicable to Choice service customers if they transferred from sales service during the last twelve months.

CHARACTER OF RATE

This Rider has been established to pass back lower gas costs for the 2010 1307(f) period ending September 30, 2011, attributable to the Company's revision to its accounting methodology for gas in storage inventory effective January 1, 2011.

RATE

In addition to the charges provided in this tariff, a credit of \$5.7038 shall be applied to the otherwise applicable charge for each Mcf of sales volumes or distribution volumes distributed by the Company to applicable customers.

Actual credits provided to customers under this SAA Rider shall be included in the reconciliation of gas cost revenues and costs under the Purchased Gas Cost Rider.

This rider will expire on September 30, 2011.
