

Participation Release Form

_____, (“Participant”), has chosen to participate in the Columbia Gas of Pennsylvania, Inc.’s (“Columbia Gas”) WarmWise Audits & Rebates Program.(“Program”). The Program consists of an energy auditor conducting an audit of the residence located at _____ (“Residence”).

The energy auditor may make recommendations to Participant regarding additional measures that can be taken to improve the energy efficiency of the Residence. It has been explained to Participant and the Participant acknowledges and understands that the energy efficiency measures recommended are intended to increase the ability of the Residence to retain heat during the winter heating season. The Participant also understands that, as a result of this process, the flow of air from the inside of the Residence to the outside would be reduced which could result in a build-up of hazardous fumes if an unvented kerosene, or wood heating system or similarly-styled, unvented heating system, or faulty vented systems were to be used, and such use could result in injury or death to the people in the Residence.

Therefore, in consideration for recommendations made by the energy auditor to Participant, Participant agrees not to use any unvented kerosene or wood heating systems or other similarly-styled unvented heating system in the Residence, which may produce hazardous fumes, and Participant further agrees to have a heating system safety check performed by a certified heating contractor prior to the Participant pursuing installment or implementation in the Residence of any recommended energy efficiency measures.

To the extent allowed by law, Participant further agrees to forever release Columbia Gas, its officers, directors, employees, agents, affiliates and representatives, successors and/or assigns and to save them harmless from any claim for injury to persons, including death, or damage to personal property in any way resulting from any liability resulting from my participation Program. The Participant understands that the energy auditor is an independent contractor, and the Participant agrees to seek compensation for any and all damages or injury that may occur as result of the energy auditor services from such energy auditor. In addition, Participant authorizes Columbia Gas to publish, disseminate, reproduce, share, use and dispose of any data including, but not limited to, account and household information furnished by me or on my behalf regarding me or occupants of the Residence concerning any application for, or participation in, the Program, in such a manner as Columbia Gas deems appropriate, consistent with applicable law.

The Participant is signing this Release in front of witnesses to show that he/she/they have read and understand the terms of this Release and agree to be bound by the terms of the release. Agreed to and signed this _____ day of _____, 20_____.
