

## Sample Weatherization Mold Assessment and Release Form

Mold can be a problem in any home, but especially in those where there is an excessive amount of moisture or humidity present. In addition, if there are several pets, plants, or fish aquariums present, conditions may exist for mold to grow. An assessment of your home included a visual check for mold. This is not a mold inspection and the person making this assessment is not a mold inspector. Testing and identification of specific molds is beyond the scope of this program and we are not liable for mold that was not found during this inspection.

During an energy audit on (date) \_\_\_\_\_ our personnel identified mold growth in the following room(s) of your home located at: \_\_\_\_\_

- Living/Bedroom Areas     Bathroom Areas     Laundry Areas     Combustion Areas  
 Crawlspace Areas     Attic Areas     Basement Areas     Other Location

(Other Location) \_\_\_\_\_

**Moldy or musty odors are an indicator that there may be hidden mold growth.**

Moldy or Musty Odors:  Are present     Are not present

The U.S. Department of Energy generally does not allow Weatherization agencies to remedy mold problems, but some actions associated with a cost effective energy saving measure may be taken to reduce moisture problems. We will take the following measures that may help to resolve existing moisture problems:
