Questions

Contact the Rebate Processing Center at 1-888-578-0299 or email CPArebates@nisource.com

¹ Available rebates are for new measures (not refurbished or used) in the original packaging, must be replacements of existing natural gas equipment and must be purchased, installed and operational at the Account Owner’s Service location that is linked to the account listed between January 1, 2026-December 31, 2028. Rebate applications received in the calendar year of 2026 must be for measures purchased and installed during that year. Beginning January 1, 2027, the rebate application must be received within 120 days of purchase and installation or by December 31, 2028, whichever is sooner, at the Account Owner’s service address by a qualified contractor who is doing business in the applicable field (e.g., energy consultant/contractor, insulation installer, plumber, HVAC technician, or electrician) with the exception of a smart thermostat which can be installed by Property or Account Owner. Please see full Terms and Conditions available on the online application.
